Re: Case No 96-513 Wireless Tower

Dear Mr. Mills,

As a resident and property owner in the immediate vicinity of the AT&T wireless Tower that is currently proposed on the Schweitzer Site #02-030-03, we have several concerns:

Radiation from the tower: adverse health condition.

Land Value: This will depreciate our property.

Quality Control: Interference from the tower with our appliances, television

Type of Tower: It would be nice if someone told property owners in English, what the tower is for and how many are planned.

This is our request for an intervention, we are opposed to the tower and do not want to live under one of those, why should our neighbor's gain be our loss.

Sincerely,

Paul T Evans
